INFO LETTER

SPECIAL ISSUE

November 2017

This issue of the info letter is dedicated to the official publishing of **EU-RU coordinated call on Infectious diseases**.

Due to the efforts of the European Commission, the Ministry of Education and Science of the Russian Federation, the Ministry of Health of the Russian Federation, and experts: priority areas for mutual research collaboration were settled.

A meeting to prepare this Joint Call in Health and to present topics for future EU-Russia cooperation on Health research was held at Moscow State University on May 16, 2017. More information about the event is available on our web-site, please follow the link: <http://www.h2020-health.ru/en/node/458>

How does the funding for this Joint Call work?

European and Russian researchers should write a common proposal and submit it to the European Commission. At the same time, Russian researchers should write another proposal and submit it to the Ministry of Education and Science of the Russian Federation. If the proposal is successful, European researchers will be financially supported by the European Commission and Russian researchers will be financially supported by the Ministry of Education and Science of the Russian Federation.
